EXPERIENCE

General Assemb.ly   San Francisco, CA
Web Development Immersive Student   *September 2013 – December 2013*
- Participated in a three month web development immersive program and became acquainted with both front-end and back-end languages. Projects:
    1. Senti Vestor (http://sentivestor.herokuapp.com)
        - A web application that utilizes the Twitter API and provides a graphical representation of recent Twitter sentiment analysis.
    2. Chartify.Me (http://chartify.herokuapp.com/)
        - A single-page web application that provides a graphical representation of a user's Facebook information as well as a user's Facebook friends.
    3. More projects found at: (http://themcsuth.com)

Bainco International Investors   Boston, MA
Executive Assistant to the CEO and President   *August 2012 – August 2013*
- Conducted meetings for the CEO and partners, managed corporate and personal expenditures by the CEO, coordinated travel, and preparing correspondences
- Created marketing book and proposal materials for prospective clients
- Coordinated logistics with clients for transfers of funds, completed legal documents, and monitored Bainco's custodian bank to ensure wires are processed appropriately

Family Equality Council   Boston, MA
Finance & Accounting Intern   *April 2012 – June 2012*
- Spearheaded an accounts receivable analysis that aided the organization's understanding of their donor collection rates over the span of 4 years
- Trained successor intern to continue accounts receivable analysis project
- Identified aged receivables and payables in the general ledger ("GL"), rectified expenses and revenues incorrectly categorized in the GL, and made credit and debit adjustments
